

COURSE OVERVIEW

Integrating Business Continuity Management into every organisation's operations is crucial. This course aims to provide learners the key focus areas in BCMS programme required to integrate into the business operations. It is essentially useful for the Business Leaders and Heads of Department and the BC champions to have a quick overview on the programme.

COURSE OBJECTIVES

Upon completion of the course, learners will be able to:

- ⇒ Apply the use of key risk indicators of disruptive events during crisis
- ⇒ Understand to maximise the use of resources in order to support the business continuity plans
- ⇒ Understand the roles of the various plans used in conjunction with each other during crisis
- ⇒ Contribute to the directions of your Business Continuity Plans
- ⇒ Comprehend the components of Incident Response, Crisis Management and Business Continuity Plans

COURSE AUDIENCE

- Newly appointed Business Continuity and/or Risk Managers
- Newly appointed Coordinators
- Head of Department

MODE OF ASSESSMENT

All learners are required to pass the following assessments to be deemed competent: Written Assignment, Oral Assessment

- ✓ Statement of Attainment (SOA) upon successful completion of course
